## Preferred File/Image Specifications

- In Repeat and at Full Scale
- In one of the following formats: TIFF, JPG
- High resolution and minimum 300 DPI
- Original artwork and/or you own the rights and permissions to print

## Here is what to expect after sending in your order form

- Once reviewed by our team, you will receive a digital mockup, together with a Pro-Forma Invoice, for review and approval.
- If you want/need a Strike Off, this will ship out to you in 1-2 weeks for a flat charge of \$99. The size will be no larger than 39" x 39"
- Last approval needed from you and then 1-2 weeks to print.

## NOTES

- The minimum charge of \$1000 applies to all MADE EASY orders.
- For best results, all images in your file should be at the same resolution.
- Include a minimum of 2 inches of bleed on all sides of art.
- If you are uncertain about your image resolution, please contact us for a consultation.
- Even extraordinary files have unforeseen issues. For instance, transparency effects may look good on the screen, but can produce unintended consequences when printed at full size.
